1:00 to 5:00 pm followed by a cook-out

**Locations:**

ProfitPro, LLC Headquarters  
408 S. 1st Ave., Albert Lea, MN 56007

**Who Should Attend:**

Livestock and crop producers, professional manure applicators and those professionals who manage or regulate manure usage.

Manure  
bioaugmentation  
before

and  
after

**Agenda:**

- ◆ Identify Participants' Current Manure Management Issues
- ◆ Defining the Full-Circle Animal, Manure and Soil-Plant System™—Learn about the “Full-Circle \$™”
- ◆ Effectively Manage Manure Issues Through the Animal and/or in the Pit
- ◆ Manure Bioaugmentation made Simple
- ◆ Probiotic Feed Additives—Beneficial to the Animal and Pit
- ◆ How to Enhance the Agronomic Value of Manure
- ◆ A Professional Manure Applicator's Experiences in Handling Manure—Doug Rohlik, Custom Manure Applicator, Belview, MN
- ◆ Introducing the on-site **Manure Management Service** by ProfitPro®

**Doug Rohlik, Custom Manure Applicator  
Testimonial**

“By using ProfitPro's manure treatment technology the past four years, I have been able to take care of my clients' manure management issues. The resulting increased customer satisfaction has allowed me to expand my client base and remove operational stress from my custom applicator business.

“Also, on my own swine and cropping operation, I've been able to utilize the bioaugmented manure across more acres and improve crop yield and quality.”

—Doug Rohlik, Custom Manure Applicator,  
Belview, MN, (320) 212-7953
